

Event: Birthday party

- *Definition*: An individual celebrates a birthday with other people
- *Scene*: indoors (a home, a restaurant) or outdoors (backyard, park); day or night
- *Objects/people*: birthday cake (often with candles), guests, gifts
- *Activities*: singing, blowing out candles, playing games, opening gifts
- *Audio*: singing "Happy birthday to you"

+

How?

Step 1: generate video description

A group of people are standing around a table that have a birthday cake on it.

Step 2: match against the event description
